### **Description of Duties**

#### **St. Mary Cathedral Video Tech**

Manage all on-site aspects of livestreaming select Cathedral events via YouTube. From the video station at the back of the Cathedral, the Video Tech will remotely operate two Sony PTZ cameras, select the feed to air at any given time, and manage all technical aspects. Training on this custom system will be provided. Prior professional or advanced hobbyist experience in this area is desirable.

Techs must be over 18 years of age, reliable, dependable, and knowledgeable of Catholic liturgy and customs. Physical requirements include manual dexterity and visual/hearing abilities sufficient to operate a computer and manage audio feeds. Livestreamed events will be at various times and days, with scheduling of Techs done in advance per availability. This is a volunteer position. Livestreaming is an initiative of the Archdiocese of San Francisco Office of Communication.
